MINITUBE EQUINE PRODUCT PRICE LIST

Terms: All prices exclude local delivery costs
Payment is due prior to orders being processed

Product ref.	Description	Price
--------------	-------------	-------

SEMEN COLLECTION

HANNOVER AV

11220/0145	Equine artificial vagina Hannover, complete with small valve (11222/0005), inner liner, rubber rings, leather handle	R 6,641.85
------------	--	------------

Accessories

11222/0002	100cm Inner liner (1) for Hannover AV, rubber, with roll-up ends, sterilizable	R 2,914.52
11222/0003	70cm Inner liner (1) for Hannover AV, rubber, with roll-up ends, sterilizable	R 2,635.11
11222/0120	Disposable inner liner (2), width approx. 21 cm, roll with approx. 200 m, sensitive: smooth and very resistant material	R 3,240.79
11225/0026	Warming bag (3) for collection glass, protects the semen from low temperature and UV radiation	R 959.65
11222/0001	Rubber band (4) for equine AV Hannover	R 275.31
11222/0005	Small valve (5) for equine AV Hannover	R 432.63
11232/0420	Disposable inner liner, fits Hannover/Colorado vagina with built-in filter, 10/package	R 1,911.44 per 10
11232/0440	Disposable inner liner without filter, fits Hannover, Colorado and Missouri, 10/package	R 734.00 per 10
11231/0200	Semen collection bottle (6), 200 ml, plastic, 10/package	R 605.68 per 10
11231/0301	Coupling nut for semen collection bottle, 100/package	R 189.30 per 10
11222/0008	Hannover AV: Leather handle	R 1,149.98

MISSOURI AV

11245/0000	Equine artificial vagina Missouri, double latex liner with valve and leather casing, adapter and collection bottle, length: approx. 55 cm	R 6,990.23
------------	---	------------

Accessories

11245/0420	Disposable inner liner "AV Liner", with built-in filter and collection pouch, 10/package	R 1,911.44 per 10
11245/0450	Missouri AV: Disposable inner liner, approx. 21x90 cm, 25/package	R 442.46 per 25
11232/0440	Disposable inner liner without filter, fits Hannover, Colorado and Missouri, 10/package	R 734.00 per 10
11245/0001	Missouri AV: Rubber bladder	R 5,265.30

COLORADO AV

11230/0000	Equine artificial vagina Colorado SU, complete with 2 inner rubber liners (tubular and conical), 10 rubber bands, 2 clamps, 25 disposable inner liners, 25 semen bottles, 25 coupling nuts, 25 nylon filters and warming bag	R 16,518.60
------------	--	-------------

Accessories

11232/0030	Disposable inner liner (1), plastic, width 30 cm, roll with approx. 200 m, sensitive: smooth and very resistant material	R 4,821.52
11232/0110	Colorado AV: Disposable inner liner, transparent, 25/package	R 1,075.48 per 25
11232/0101	Disposable inner liner Colorado (2), AV-shaped, 25/package, blue	R 1,150.00 per 25
11231/0200	Semen collection bottle Colorado (3), 200 ml, plastic, 100/package	R 6,056.82 per 100
11231/0301	Coupling nut for 200 ml semen bottle, 100/package	R 1,892.97 per 100
11231/0400	Semen filter Colorado (4), nylon, fits Colorado collection bottle, 25/package	R 3,011.20 per 25
11232/0110	Disposable inner liner Colorado (8), 25/package	R 1,075.48 per 25
11225/0026	Warming bag (3) for 200ml collection bottle, protects the semen from low temperature and UV radiation	R 959.65
11231/0185	Warming bag (7), large	R 2,199.20
11231/0102	Colorado AV: Inner line, rubber, flared	R 3,751.10
11231/0101	Colorado AV: Inner line, rubber, straight	R 3,751.10
11231/0201	Colorado AV: Inner liner, rubber, round	R 4,267.31
11231/0103	Colorado AV: inner liner, rubber, tubular	R 3,751.10

Accessories for Semen Collection

11245/3100	Semen filter, non woven, 150 x 60 mm, 100/package	R 639.11 per 100
11260/1000	Equine semen filter pouch, non woven, 10/package	R 167.15 per 10
11027/0000	Thermometer for artificial vagina, Bimetal, nonbreakable, 0 - 100°C	R 2,374.55
11027/0100	Thermometer for artificial vagina, Mercury, 0-100°C, graduation 0.1°C	R 422.80
11027/0200	Thermometer for artificial vagina, Mercury, 0-200°C, graduation 0.1°C	R 648.95
11128/0055	Semen Collection Glove: non-spermicidal, latex free, sizes: M, L and XL, 100/box	R 526.25 per 100

HANNOVER PHANTOM FOR STALLIONS

11200/0000	Phantom for stallions, height manually adjustable	POA
11200/1000	Phantom for stallions with hydraulic height adjustment	POA

Accessories

11200/2601	Cover for stallion phantom, synthetic material	R 8,686.03
11200/2501	Leather blanket for phantom	POA
11200/2100	Bite belt	R 7,708.68
32000/0010	Stretch foil for protection of phantom, length 300 m	R 604.91

MICROSCOPY AND VOLUME MEASUREMENT**MICROSCOPES**

12004/0331	Phase contrast microscope CX 31	POA
12010/2000	Phase contrast microscope MBL 2000	POA

SEMEN DYES

15405/0000	Spermac Stain Kit, 4 x 50 ml, for morphology evaluation	R 6,120.95
15405/0026	Fareilly stain for morphology evaluation, 3 x 250 ml	R 5,781.51
15405/0025	Eosin G Stain, 2% solution for live/dead cells, 50 ml	R 589.95
15405/0029	Nigrosin stain, 4% solution for live/dead cells, 50 ml	R 589.95

LABORATORY SCALE

14295/0444	Electronic precision balance, up to 2 kg, resolution 0.1 g	POA
------------	--	-----

ANDROVISION

POA

PHOTOMETRY**PHOTOMETER SDM6**

12300/0006	Photometer SDM 6 with integrated printer	POA
12300/0008	Photometer SDM 6 without integrated printer	POA

Accessories

12300/0311	Paper for SDM 6 photometer printer, 1 roll	R 116.71
12301/0003	Macrocuvette for SDM 6 photometer, 4 ml, 100/package	R 1,789.52
12301/4667	NaCl solution, 1 l, 0.9 %	R 363.80
12428/1815	Dispenser 0,5 - 5 ml, graduation 0.1 ml	POA
12425/4810	Variable Digital Pipette, 10 - 100 µl, Autoclavable	R 16,990.50
12425/9409	Pipette tips, 10 - 100 µl, yellow, 1000/bag	R 1,445.38
12421/0503	Automatic diluter-dispenser	POA

PHOTOMETER SDM1

12300/0101	Photometer SDM 1	POA
------------	------------------	-----

Accessories

12300/0130	Multispecies software for reprogramming to other species	POA
12300/1111	Microcuvette for SDM 1, 100/box	R 1,691.19

FRESH/CHILLED SEMEN EXTENDERS**EQUIPLUS®**

13570/0202	Powder for 1 l, with antibiotics	R 904.59
13570/0201	Powder for 1 l, without antibiotics	R 707.94
13570/0210	Powder for 100 ml, with antibiotics	R 114.23
13570/0240	Powder for 100 ml, without antibiotics	R 100.21

ANDROMED®-E

13573/0020	AndroMed®-E extender for fresh semen, 25ml, 10 bottles	R 2,231.98 per 10
------------	--	-------------------

ANDROCOLL® EQUINE CENTRIFUGATION LIQUID

13580/0005	AndroColl® Equine centrifugation liquid	POA
------------	---	-----

CUSHION FLUID

13580/0001	CushionFluid, 100 ml, for centrifugation of equine semen	R 2,979.25
------------	--	------------

CENTRIFUGATION MEDIUM

13565/0001	Centrifuge medium for stallion semen, antibiotic free. Powder for 1 l.	R 159.89
------------	--	----------

EXTENDERS FOR CRYOPRESERVATION OF STALLION SEMEN**EQUIPLUS FREEZE**

13570/0420	EquiPlus Freeze 1-step without egg yolk, 98ml freezing medium	R 599.78
13570/0520	EquiPlus Freeze 2-step without egg yolk, Part A: 100ml centrifugation medium Part B: 96ml freezing medium, without egg yolk	R 845.60

PROCESSING OF STALLION SEMEN**WATERBATH; ROLLING MIXER RM5; CENTRIFUGE; SHAKER VIBRAMAX**

POA

PLASTIC VIALS

17231/0030	Sterile plastic tube: 30 ml, graduated tube with cap, 10/bag	R 140.13 per 10
17220/0017	Sterile plastic tube: 50 ml, graduated tube with cap, 10/bag	R 140.13 per 10
17230/6001	Tube 13 ml with screw cap, sterile, 20/bag	R 101.32 per 20
17230/6000	Tube 13ml, without cap, 20/bag	R 66.34 per 20
17230/6054	White screw caps for 13ml plastic vials, 20/bag available in red, blue, green, violet and yellow	R 28.39 per 20

STERILE BAGS

17224/0250	Sterile Bag: 60 ml with incorporated wire, 20/pack	R 206.48 per 20
17224/0500	Sterile Bag: 120 ml with incorporated wire, 20/pack	R 266.50 per 20
17224/1000	Sterile Bag: 350 ml with incorporated wire, 20/pack	R 311.73 per 20

DISPOSABLE SYRINGES

All plastic, sterilized

19801/0010	10 ml, 100/package	R 545.92 per 100
19801/0020	20 ml, 100/package	R 835.76 per 100

TRANSPORT OF CHILLED SEMEN**EQUITAINER®**

17220/0010	Cup style: Complete with 1 cup-style isothermalizer, 1 sterilised plastic cup with lid, 2 ballast bags, and 2 coolant cans	R 9,203.22
17220/0015	Tube style: Complete with 1 tube-style isothermalizer, to fit two 50 ml tubes, 6 x 50ml tubes, and 2 coolant cans	R 9,203.22

Accessories

17221/0120	Coolant can (1)	R 679.62
17221/0130	Thermo bag (ballast bag) (2)	R 196.65
17220/0011	Isothermalizer cup style (3), for 240 ml cup	R 2,858.57
17220/0016	Isothermalizer tube style (4), for two 50 ml tubes	R 2,551.66
17221/0240	Inner plastic cup (5), 240 ml, graduated, with lid	R 78.66
17220/0017	Sterile plastic tube: 50 ml, graduated tube with cap, 10/bag	R 140.13 per 10

NEOPOR TRANSPORT BOX

17229/0002	Minitube transport box, made of highly insulating Neopor. Complete with 2 ice-packs, 2 syringes (20 ml) and outer shipping carton	R 320.00
17229/7015	Protecting cap for Leur end/semen tube, 100/bag	R 301.82
17229/9000	Cooling element for transport box	R 62.84

INSEMINATION OF MARES**UNIVERSAL PIPETTES**

17209/0005	Length: 57 cm, 5/package	R 78.56 per 5
17209/0001	Length: 57 cm, 1/package, sterilized	R 38.65

DEEP IUI UNIVERSAL PIPETTE

with very flexible shaft for deep intrauterine insemination

17209/1165	Length: 65 cm, 5/package	R 95.78 per 5
17209/1265	Length: 65 cm, 1/package, sterilized	R 44.46
17209/1175	Length: 75 cm, 5/package	R 115.44 per 5
17209/1275	Length: 75 cm, 1/package, sterilized	R 48.91

DEEP IUI PIPETTE WITH INNER CATHETER

17207/1165	Length: 65 cm, 5/package	R 297.73 per 5
17207/1265	Length: 65 cm, 1/package, sterilized	R 83.11
17207/1175	Length: 75 cm, 5/package	R 316.42 per 5
17207/1275	Length: 75 cm, 1/package, sterilized	R 86.87

DEEP IUI KIT

Includes deep intrauterine universal pipette with inner catheter, 5 ml syringe, supersensitive glove, sterilised.

17207/2065	Length: 65 cm	R 105.34
17207/2075	Length: 75 cm	R 112.52

STYLET FOR INSEMINATION OF FROZEN SEMEN

Flexible stylet for deep intrauterine or transcervical insemination with 0.5 ml straws, with 2 knobs for pulling out empty straws.

17209/1057	Length: 57 cm	R 1,081.75
17209/1065	Length: 57 cm	R 1,081.75
17209/1075	Length: 57 cm	R 1,081.75

INSEMINATION PIPETTES FOR LIQUID SEMEN

17209/2000	Equine insemination pipette: 60 cm, 25/bag	R 150.44
17209/2210	Equine insemination pipette with stiff tubing, sterile: 60 cm, 1/bag	R 39.33

HYGIENIC SHEATHS

17209/5070	Disposable sheath to protect ET or AI pipette during vaginal passage, length: 62,5 cm (70/roll)	R 214.43
------------	---	----------

UTERUS CULTURE SWAB

17214/2951	With introduction pipette, AMIES transport medium, sterilized, 10/bag	R 139.79 per 10
17214/2950	With introduction pipette, sterilized, 10/bag	R 117.99

CYTOLOGY BRUSH

17214/2960	Uterine cytology brush: For sample cell pick up in mares	R 125.26
------------	--	----------

SPECULUM FOR MARES

17210/0000	Disposable speculum: diameter: 3 cm, length: 43 cm	R 59.00
17210/0010	LED-Lamp, battery operated, with clip, length: 96 mm	R 698.02
17215/0149	Stainless steel case with handles and cover	R 4,306.64
17210/4200	Polansky speculum, stainless steel	POA
17212/0055	Cervical forceps with mounted lamp, 54cm	R 6,489.45
17212/0054	Cervical forceps without mounted lamp, 54cm	R 3,716.69
17214/5066	Biopsy forceps, length 66 cm, 5 x 20 mm jaw, stainless steel	POA

THAWING DEVICES

17044/0038	MT 30/54 thaw Unit, 38°C, 12 V, with control and lift	R 4,188.65
17043/7000	Geysir 70 automatic thawing device for straws, complete	POA

Accessories

17165/1395	Transformer for thawing device MT for 12 V/220 V	R 1,200.66
------------	--	------------

INSEMINATION GLOVES

17080/0005	Shoulder length, 100/box	R 241.50 per 100
17080/0250	Single packed glove: Shoulder Length and sterilized	R 30.35

COLOSTROM REFRACTOMETER

24400/0150	Refractometer for measurement of IgG levels in the colostrum	R 3,657.69
------------	--	------------

STERILISATION**STERILISER STERIVAR; WARMING CABINET**

POA

FILLING AND SEALING OF STRAWS**MPP UNO; SEMI-AUTOMATIC FILLING AND SEALING SYSTEM SFS 133**

POA

FILLING AND SEALING OF STRAWS**EASYCODER**

POA

FREEZING OF STALLION SEMEN**ICECUBE; FREEZING UNITS**

POA

GOBLETS

16912/0133	10 mm, white	R 9.41
16913/0133	13 mm, white. Also available in blue, red, pistacion and yellow	R 9.83
16935/0135	35 mm, white	R 21.55
16965/0133	65 mm, white	R 36.92
16970/0036	Hexagonal for 36 of the 0.5 ml or 80 of the 0.25 ml straws, white	R 22.91
16970/0136	Hexagonal for 36 of the 0.5 ml or 80 of the 0.25 ml straws, green	R 23.26

STRAWS

13407/0010	MiniStraw 0.25ml, 2000/bag, available in multiple colours	R 1,112.18 per 2000
13408/0010	Semen Straw 0.5ml, 2500/bag, available in multiple colours	R 1,880.79 per 2500

STRAW SEALING

13400/0100	Glass sealing ball for 0.5ml straws, multiple colours available	R 424.76 per 1000
13400/9900	Metal sealing ball for 0.5ml straws	R 232.22 per 1000
13409/1000	PVA-powder, 1kg	R 1,591.33

CRYOGENIC CONTAINERS FOR STORAGE

POA

ONE-WAY-SHIPPER 3.0

16502/0003	Single use shipper, static holding time approx. 4 days	R 2,595.78
------------	--	------------

VAPOUR SHIPPERS

POA

EQUINE EMBRYO TRANSFER**EMBRYO FLUSHING CATHETERS FOR MARES**

19009/0027	Made of silicone, CH 28, approx. 90cm, 100ml balloon, sterilised, autoclavable☒	R 979.49
19009/0032	Made of silicone, CH 32, length 910 mm, 100 ml balloon, sterilised, autoclavable	R 1,101.24
19009/0036	Made of silicone, CH 36, length 910 mm, 100 ml balloon, sterilised, autoclavable	R 1,494.54

FLUSHING TUBING

19009/0040	Y-junction tubing, large lumen, with spike port, for use with CH32/CH36/CH28 catheters, gamma irradiated	R 448.36
19011/0100	Y-Junction tubing with Luer Lock end, sterilised, 1/bag, disposable☒	R 397.40
19011/0200	Y-Junction tubing with foley end, sterilised, 1/bag, disposable☒	R 397.40
19009/1238	Luer adapter for CH 28 - CH 38 and for Foley catheters, 10/pack	R 1,179.90 per 10

FILTERS

19010/6000	EmSafe System for embryo collection, with integrated filter and petri dish with grid, mesh size 65µ, sterilised☒	R 589.95
19010/1101	MiniFlush Filter System for equine embryos, sterile, with spike port for high flow tubing (ref: 19982/0202), intergrated petri dish, mesh size 73µ	R 644.00
19010/1100	Pouch for MiniFlush Embryo Filter, insulated	R 725.00
19988/0050	Minisart filter for syringe, pore size 0.2µm, diameter 26mm, sterile	R96.00
19010/8000	Emcon Embryo Filter, sterile	R 580.00

MEDIA FOR FLUSHING AND HOLDING

19982/6202	EquiFlush medium for flushing equine embryos, with BSA, 2l, contains antibiotic	R 983.25
19982/6212	EquiFlush medium for flushing equine embryos, with PVA, 2l, contains antibiotic	R 983.25
19982/6250	EquiHold holding medium for equine embryos, 3 x 5 ml, with BSA, ☒ contains antibiotic	R 531.13 per 3

VITRIFICATION

19982/6251	Equine Vit-Kit: contains everything needed for vitrification of 3 equine embryos	R 3,146.40
------------	--	------------

HANDLING OF EMBRYOS

Micropipettor, for handling of embryos. Easy and precise pipetting by handling wheel, for all sizes of capillary tubes up to 1 ml:

19022/0000	Type A	R 1,177.08
19022/0002	Type B	R 1,209.40
19022/0010	Glass capillary tube, 250/package: 10 µl	R 686.14 per 250
19022/0020	Glass capillary tube, 250/package: 20 µl	R 700.89 per 250
19022/0050	Glass capillary tube, 250/package: 50 µl	R 722.69 per 250
19025/0050	Steripette, for manipulation of embryos and oocytes, individually packaged, sterilised, length: 60 mm, 50/package	R 1,966.50 per 50
19025/0000	Disposable syringe 1 ml, luer end, sterilised, for embryo handling,	R 904.59 per 100
19021/0001	Embryo culture dish, with lid, sterilised, 5 wells, rounded well edges, shallow wells for easy handling, 4/bag	R 275.31 per 4

STEREO MICROSCOPE

12014/0000	Stereo microscope with LED light source	POA
------------	---	-----

Accessories

12055/0003	Heated Microscope Stage, 180 x 180mm	POA
12055/0050	Control Unit HT 50 for heating stage	POA

EMBRYO TRANSFER WITH 0.5ml STRAWS

19290/1050	Sheath for equine ET, front end opening, individually packaged, 10/package, sterilised	R 98.33
19290/1060	Sheath for equine ET, side openings, individually packaged, 10/package, sterilised	R 98.33
19290/1048	Finger support and ring, for use with sheath for equine ET and AI stylet 17209/1065	R 359.10
19290/1065	Equine ET pipette, small metal head, flexible, 1/package, sterilised, with side opening, use with AI stylet 17209/1065	R 360.81
19290/1066	Inner catheter for equine ET pipette, to flush embryo into the uterus with approx. 2 ml volume, no need to load it into a straw	R 90.63

STAINLESS STEEL ET INSTRUMENT

19290/0000	ET Cannula for mares, for 0.5 ml straws, made of stainless steel with screw-off tip, Length: 55 cm	R 4,395.13
------------	--	------------

EMBRYO TRANSFER WITH 0.25ml STRAWS

17015/0100	Deep intrauterine ET / AI set, with finger support, stylet, fixation rings	R 1,376.55
17015/0660	Sheath for equine ET / AI, 0.25 ml straws, side opening, for usage with stylet 17015/0100, sterile, individually packaged	R 50.75
17015/0650	Sheath for equine ET / AI, 0.25 ml straws, side opening, for usage with stylet 17015/0100, 10/bag	R 471.96 per 10

EMBRYO TRANSFER > day 8

19290/1101	Large Diameter Pipette for AI and ET in Horses, Length: 65 cm, sterilise, 1/bag (Also available in 25/bag, Ref: 19290/1105)	R 46.60
------------	---	---------
